Volunteer Program Information and Reminders

- If you are unfamiliar with this volunteer program and would like more information regarding the details of becoming a volunteer with the National Weather Service in Springfield, MO, please visit http://www.crh.noaa.gov/sgf/?n=volunteer_pilot.
- This is a volunteer program intended for pilots that have already planned flying time over the areas described. You will not be compensated for your time or for fuel used. This is a 100% volunteer effort on your part.
- Always obtain a weather briefing from FAA flight services before departure by calling 1-800-WX-BRIEF.
- In addition to an FAA weather briefing, weather products from the National Weather Service Aviation Weather Center can be reviewed at <http://aviationweather.gov/stdbrief/>.
- Ensure that your route does not include any Temporary Flight Restrictions (TFR).
- After your flight, make sure to contact the National Weather Service in Springfield to let us know what you found using one of the following methods.
 - Relay survey information via phone by calling 1-417-863-8028
 - Email observations and/or photographs to contact.sgf@noaa.gov
 - Set up a face-to-face meeting with NWS Springfield staff by calling 1-417-863-8028
